## About

---

Innovative and detail-oriented web development professional with a strong passion for designing and building user-friendly landing pages and interface solutions. Specializes in creating visually appealing, responsive, and efficient user interfaces that enhance user experiences and drive engagement. Possesses strong skills in web development, critical thinking, and problem-solving to deliver optimized solutions that meet user and business needs. Dedicated to continuous learning and improvement, thriving in dynamic environments to contribute to impactful projects and create exceptional digital experiences.

## Work Experience

---

### **BNKLE, *Front End Web Developer Intern***

Contributed to the development and maintenance of a web application's frontend, ensuring high functionality and visual consistency.

- Developed and optimized web components, significantly enhancing performance and improving responsiveness across diverse devices.
- Played a key role in designing the pricing page, focusing on user-centric principles to achieve seamless navigation and an improved user experience.
- Integrated video functionality into the web application using a React player library, enhancing user engagement and content delivery.

### **ZIDIO LEARNING, *Front End Developer Intern***

Gained practical exposure to the MERN stack while contributing to the development of a job search and result management system.

- Collaborated effectively in building key features of the application, directly enhancing user experience and overall functionality.
- Acquired foundational knowledge of the MERN stack, including MongoDB, Express, React, and Node.js, and successfully applied these components in web development projects.

### **POLARIS BANK, *Computer Science Intern***

Supported networking tasks including structured cabling, patch panel configuration, and switch/router setup (Cisco). Provided remote desktop assistance, configured shared printers, diagnosed hardware issues, and gained exposure to enterprise IT infrastructure and basic software troubleshooting. Also assisted at the customer service desk, helping resolve client issues and improving service efficiency.

## Education

---

### **Adeleke University, *Computer Science***

2022 - 2026

## Certificates

---

**Front End Development, *Alt School Africa***

**JavaScript Web Development Course, *W3Schools***

**React JS Framework (React Front to Back), *Online Course***

**Python Programming, *New Horizon***

## Skills

---

### **Core Competencies, *Proficient***

- Customer Service
- Relationship Building
- Attention to Detail
- Communications
- Critical Thinking
- Team Collaboration
- Time Management
- Project Management
- Problem Solving

### **Front-End Web Development, *Proficient***
